

Pre-Camp Swim Checks

Many camps, including Gamehaven Scout Reservation, allow campers to do their swim checks before arriving at camp. Units can do this on a swim outing through a community pool. This helps to stream-line the check-in process at camp and allows Scouts time to improve their swimming ability before camp. Units will need to follow the test guidelines and fill out a Swim Classification Form found in the March roundtables and on the council website: www.gamehavenbsa.org. Please check with your 2010 summer camp to make sure you can do a pre-camp swim check and any specific paperwork they may require.
