

**Daisy 2840 Pump-Action BB Gun
A Project of \$300**

Few things scream “camp” as much as range and target activities. From BB guns to archery, slingshots to rock throwing, kids and adults love participating and practicing their skills at our ranges.

Because of this, our range programs are expanding quickly. As more and more groups use our firearms, we want to upgrade our current fleet to meet modern standards. The Daisy 2840 is a premier and well-loved BB Gun (and is the successor to our current fleet of 840s), and the officially-recommended BB gun of Scouting America.

Supporting this project means enabling the purchase of four BB guns to use for regular programs, replacing some of our older and worn models. Your gift will help more campers participate in range sports and practice their aim, patience, and safety skills when handling firearms.

Supporting this gift also means your name (or organization’s name) will be featured on our camp website (<https://gamehavenbsa.org/camp>) for one year.
