FORMS

Get a complete list on Page 16 of this Guide.

All forms are available at <https://loudthunder.org/scouts-bsa-resident-camp/>

Scouting America Annual Health & Medical Record

All youth and adults attending camp must have a current Scouting America Annual Health & Medical Record form. Part C requires a visit to a physician, nurse practitioner, or physician's assistant. Please

note that school sport, or any other physical form, cannot be substituted for Scouting America's form. The most current form is at the website listed above.

- * Medical forms & insurance cards must be delivered in a binder to the Camp Health Officer during Check-In.
- * It is suggested that the Troop make copies to bring to camp.
- * This form is valid for 12 months from the date of the exam.
- * Adults attending for less than 72 hours are only required to complete Parts A & B.

STANDARD OF CARE

Loud Thunder has a trained Health Officer on duty 24/7, as well as transportation arrangements with local hospitals and ambulance services. All injuries will receive full medical attention in a timely manner. Situations requiring treatment beyond simple first aid will be sent to a hospital and ultimately referred to the family physician. Every effort will be made to contact parents prior to sending an injured or seriously ill patient to a hospital. However, in urgent situations, the Health Officer will decide the appropriate treatment.

Medications

Scouts and adults requiring regular medications must bring them to camp in their original packaging. Medications will be checked in by the Health Officer, then returned to the Troop Leader for distribution to the Scouts as needed or to accompany the Scout to the Health Lodge for administration.

Pre-Camp Swim Test

All swimmers are required to take a Swim Classification Test.

Option A: Complete the test at Check-In by Loud Thunder's Aquatics personnel

Option B: Complete the test at a unit level, conducted by one of the following

Council-approved resources: NCS Aquatics Instructor, Adult with current certification in Scouting America Swimming and Water Rescue Course, Scouting America Lifeguard, or Certified Lifeguard.

When the unit goes to camp, each individual will be issued a buddy tag under the discretion of the Camp Aquatics Director. Illowa Council requires that the swim classification test be conducted within the current calendar year. The form for Option B is available at the website listed above.

Special Diet Request Form

Allergies and special diets are a common concern of our campers. Our food service providers happily accommodate any diet for religious, medical, or allergy needs. Provide your unit's Tentaroo Admin with these requests so they can add it on to the Scout's profile there. Meals will be served Family Style in the Dining Hall.

Merit Badge Pre-Requisites

Scouts should make every effort to complete merit badge prerequisites prior to camp. Some requirements cannot be completed at camp. Scouts should bring any documents needed for these Merit Badges.

CAMP LAW

The principles of the Scout Oath & Law are the guiding principles of Camp Loud Thunder.

**TRUSTWORTHY + LOYAL + HELPFUL + FRIENDLY + COURTEOUS + KIND
OBEDIENT + CHEERFUL + THRIFTY + BRAVE + CLEAN + REVERENT**

1. Tobacco, alcoholic beverages, and illegal drugs are NOT allowed at our Scout Camp.
2. Fireworks are prohibited at camp.
3. Personal firearms are prohibited at camp.
4. No flames of any kind are allowed in tents.
5. Advise Scouts to leave valuables with leaders. Watches, spending money, and other valuable items shouldn't be left in a shower room or unattended campsite. Unit Leaders should bring a footlocker or other lockable container to protect camper's valuables. Lockable lockers are outside the Dining Hall. Bring your own padlock.
6. Troop tents are encouraged to comply with the National Camping Standard of 30 square feet of living space for each camper, and should meet or exceed canvas manufacturer CPAI-84 standards.

Send us an email at reservations@loudthunder.org if you're interested!

Get familiar with Loud Thunder and work on advancement to First Class. Scouts complete ONLY those portions they need for advancement. Trailblazers 1 works on Scout and Tenderfoot Ranks; Trailblazers 2 works on Second and First Class Ranks. Scouts have the option to fill the other time blocks with a variety of merit badge classes.

Swimming is NOT included in the Trailblazers program. Both groups have the option of joining the Swimming merit badge class. This will include aquatic rank advancements (depending on skill level).

Participating Scouts meet their Trailblazer instructor Monday at the Kiva by the Pool, then start work on rank advancement. Using their Trailblazer Card (found in the Resources section), Scouts have staff members initial their completed efforts. This can be signed by Troop leadership if approved.

There is a Trailblazer Coordinator; however, the first year at camp is a pivotal experience. We suggest assigning an adult or youth leader to support these newer Scouts in their advancement at camp.

Your unit's Tentaroo admin will sign Scouts up for merit badges. See the Registration section for more information. Tentaroo allows Leaders to register Scouts for merit badges in a specific time slot to create the perfect schedule. Sign up early! All classes have a set class size.

Some merit badges are difficult to complete at camp with the time and resources available. Bring your pre-requisites! Know also that some merit badges cannot be completed during the time at camp (see guide in Resources Section for details).

Scouts can pick up additional classes during the week by talking with the area staff. Scouts have the responsibility of asking the counselor's permission to join and determine what work they will need to do to catch up with the other Scouts.

Friday is set aside for catch-up. Leaders may want to bring something for Scouts who have completed all their requirements OR... Consider doing a unit Service Project!

Blue Cards will be available through Tentaroo. However, if your unit wishes to use hard copies, Scouts need to turn them in on Monday to the class instructor.

DONOR DOLLARS AT WORK

As a non-profit organization, the Illowa Council relies on the generosity of charitable donations to support its ongoing operations and capital expenses. Every donation provides essential funding for Scouting America programs that benefit Scouts throughout our 13-county service area and at Camp Loud Thunder. By supporting Scouts, you are helping youth in our community participate in programs that will leave a lasting, lifelong impact.

Swim Classification Procedures (Swim Tests)

The swim classification of individuals participating in a Scouting America activity is a key element in both Safe Swim Defense and Safety Afloat. The swim tests must be renewed annually, preferably at the beginning of each summer season. Traditionally, the swim classification test has only been conducted at a long-term summer camp. However, there is no requirement that this be the only place that the test is conducted.

Swim classification may be conducted prior to a unit going to summer camp.

All persons participating in aquatics are classified according to their swimming ability. The classification test and procedures have been developed and structured to demonstrate a skill level consistent with the circumstances in which the individual will be in the water. The Swimmer's Test demonstrates the minimum level of swimming ability for recreational and instructional activity in a confined body of water with a maximum 12-foot depth, and with shallow water footing or a pool or pier edge always within 25 feet of the swimmer.

Swimmer's Test: Jump feet first into water over the head in depth, level off, and begin swimming. Swim 75 yards in a strong manner using one or more of the following strokes: side stroke, breast stroke, trudgen, or crawl; then swim 25 yards using an easy resting back stroke. The 100 yards must be swam continuously and include at least one sharp turn. Finish by floating on your back for 1 minute.

Beginner's Test: Jump feet first into water over the head in depth, level off, swim 25 feet on the surface, stop, turn sharply, resume swimming as before, and return to starting place.

Administration of Swim Classification Test

Option A (At Camp): The swim classification test is completed upon arrival by camp aquatics personnel.

Option B (Before Camp): The swim classification test done at a unit level should be conducted by one of the following Council-approved resource people:

- Aquatics Instructor, BSA
- Aquatics Supervisor
- BSA Lifeguard
- Certified Lifeguard
- Swimming Instructor
- Swim Coach.

Results from the swim test should be recorded on the Unit Swim Classification Record. The signed form must be presented upon arrival at camp to the Aquatics Director at the pool to obtain your buddy tags for the aquatics areas. When the unit goes to a summer camp, each individual will be issued a buddy tag under the direction of the Camp Aquatics Director for use at camp.

Special Note: Whether swim tests are conducted away from camp or at camp, the Aquatics Director shall at all times reserve the authority to review or retest individuals or entire units to ensure that standards have been maintained.

Unit Swim Classification Record

This is the individual's swim classification as of this date. Any change in status after this date (i.e. learner to beginner or beginner to swimmer), would require a reclassification test by the Aquatics Director at the pool after check-in at camp to have your buddy tags completed.
